NCERT 9th grade Social Science and Math books released, books arrived after half the session was over

Published: 23 Sep 2026

The National Council of Educational Research and Training (NCERT) has launched 2 revised books for Class 9 for the 2026-27 academic session. According to the notification issued by NCERT, the new Math book for Class 9, 'Math Manjari - Part 2,' has been fully printed. This book has been made available for sale from September 21, 2026. Meanwhile, the new Social Science book for Class 9, 'Understanding Society: India & Beyond – Part 2,' will be available for sale from September 30, 2026. However, students are upset that this Social Science book

has not reached the market even months after the academic session started. They say that the Class 9 mid-term exams are going to start from September 23, but students still don’t have the new Part 2. This has affected their studies.
