Unity of the prostitutes

Published: 20 Oct 2026

First in the Dal Bazaar elections, and then in the Chamber of Commerce elections, the Vaishya community of the city hoisted the flags of success. With the unity of the community, people from this group have started achieving success in various places. Recently, in the Achaleshwar Nyas Trust elections, this community recorded a historic victory. After nine years, most representatives of this community won in the trust elections. Even in key positions like the president, a representative of this community (Rajesh Airan) was elected. Whereas in the trustee position, a representative from the Brahmin community won. These

elections have proven that the strength of the Vaishya community is rapidly increasing and they have united. The Vaishya community's flag also waved in the vice-president position. Rajesh Airan defeated a person for the Vaishya community president post who had been unbeatable from the start.
